State Democratic Platform—1924

(Adopted at Raleigh, April 17)

We, the delegates and representatives of the Democratic Party of North Carolina in Convention assembled, desire to express our grateful thanks to Divine Providence for the great blessings which have been shown to our beloved State, and for the general prosperity which has been enjoyed by all of the people thereof.

We reaffirm our devotion and allegiance to the true and tried principles of the Democratic Party, and welcome the opportunity to again present to the people of the State its record of service and achievement, and confidently appeal to our people for endorsement and approval.

We desire to express our profound sorrow at the death of our great leader and Statesman, Woodrow Wilson. Not only the nation, but the world has lost a leader of power, courage and moral force. Under his leadership, the Democratic Party enacted what was and is undoubtedly the greatest and most beneficient program of remedial legislation in the history of our nation. Among other enactments may be mentioned, the Underwood-Simmons Tariff Act; the Federal Reserve Bank Act; the Federal Farm Loan Act; the Clayton Anti-Trust Act; the Parcel Post Act; The War Finance Corporation Act; the Federal Aid for State Highways Act, and many others too numerous at this time to enumerate.

In striking contrast with this record of great achievement by the Democratic Party is the record of the Republican administration for the past three years, during which no legislation worthy of mention has been enacted, save the passage of appropriation bills, and it is a fact that almost the entire time of the present Congress has been devoted to the investigation and exposure of the fraud and graft of Republican officials. It is torn to pieces by contending factions which have nothing in common and has ceased to function, while the people are left to suffer for the want of needful legislation.

We heartily endorse the record of our Senators and Representatives in Congress.

In matters of State Administration, the Democratic party presents to the people a program unsurpassed in the history of the Union, or in the development of any commonwealth. So admirable and beneficial has been its constructive program, that it has attracted the attention of the other States of the Union and many are causing their officials to visit the State to acquaint themselves with the work which is being done under our legislation and the great progress which is being made under the guidance of the Democratic Party, and are copying many of its gallant features. On the other hand, the Republican Party has no record of constructive achievement or statesmanship. It stubbornly and harmfully remains a party of negotiation and fault-finding; its platform deals in generalities only, and its sole appeal is the appeal of prejudice.

The Democratic Party believes in the freest participation of the people in the management of public affairs and to this end, provides that its nominees for public office shall be selected in legalized primaries, giving to every citizen the right to express his or her choice, while the nominees of the Republican Party in this State are selected and ratified in conventions controlled by federal office-holders, the rank and file of the Republican Party having no choice in the selection of the candidates they are expected to support in the general election.

Since the election and inauguration of Charles Brantley Aycock as Governor twenty-three years ago, the Democratic Party has been in complete control of the affairs of the State of North Carolina. Its record is the pride of every patriotic lover of the State. The educational and material progress made through this period has been wonderful and has challenged the attention and plaudits of the nation.

The public school system has grown to enormous proportions and the time is now here when every child of school age within the State is offered a grammar school education. In response to the demands of the people themselves. High schools have so multiplied throughout the State, that a high school education is now within the easy reach of every ambitious girl and boy in North Carolina. Our State institutions of higher learning are being crowded with increasing numbers year by year. Our institutions for the care of the afflicted—such as a Christian State should provide—as well as other institutions of higher learning have been improved and made adequate for the care and comfort of our people. Institutions for the care of the delinquents, crippled and mentally defective youth of both races and sex have been built and are maintained in a humane and comfortable manner. The Confederate Veterans and widows are being liberally cared for by way of pensions and in the maintenance of the Soldiers' Home at Raleigh. Hard surface and dependable highways and roads are being built, over which the people of the State are transporting their products cheaply and traveling in comfort upon errands of business and pleasure. There is nothing that has contributed more to the material progress, development and happiness of all the people of North Carolina than the magnificent program of construction and maintenance of our State Highway system. We pledge the Democratic party to an equitable and just distribution of the highway fund to the end that every section of the State shall enjoy a fair and just participation in the benefits of the State system of highways. All of these things have been done and changes have been made in the tax system so that the taxes necessary to carry on this great program, heretofore, chiefly collected from levies made upon property, are now being levied upon and collected from incomes, franchises, priviliges, inheritances, motors and gasoline, so that now, the State is no longer levying any tax upon property, real or personal, but, on the other hand, is aiding the Counties largely in bearing their tax burdens. This has been accomplished without depriving the Counties of the State of any source of revenue formerly enjoyed by them, but by the development of new sources of revenue for the State. This reform in the tax system inaugurated and administered by the Democratic Party of the State is based upon the fundamental idea that ad valorem taxes assessed against lands

and personal property should be levied, collected and controlled by local or county authority, for local and county purposes only and that the State should derive its entire revenue from other sources and no longer levy any taxes whatever against land and personal property. Local taxes against such property have been left exclusively in the hands of the people themselves and their local officers in the counties, and are being expended now chiefly for two purposes, viz: Public schools and the payment of interest and creation of sinking funds to take care of County road bonds.

The correction of inequalities in the valuation of property for taxation has been provided for by laws to be administered by local authorities. We pledge the people that the Democratic Party will make such amendments to the present laws as may be found necessary, so that each and every property owner may have a quick, easy and inexpensive means to be relieved from all inequalities of assessments and of unjust and over-taxation.

Again asking for a continuance of the confidence of the people, the Democratic Party pledges itself to continue this program of progress, enlightenment, and fostering care of all worthy, humane and material interests of the State. We pledge the people of the State to carry on the educational system, so that every child in the State shall receive an education fitting him for the responsibilities of life, that the afflicted shall be cared for as they should be in a Christian State; that the delinquent youth shall be taught, trained, and saved; that the Department of Health shall continue its activities and broaden its scope of usefulness that the agricultural interests shall be actively encouraged; that highways shall be built and maintained, and, in general, that the great progressive, helpful and constructive program hitherto inaugurated by the Democratic Party shall continue to its ultimate and proper end, and that all this shall be done without levying any ad valorem taxes upon land and personal property by the State.

We heartily endorse and approve the administration of Governor Morrison and the General Assemblies which have met during that period, and call particular attention to the fact that at the last election in which this program and administration were reviewed at the polls, the people of North Carolina by an overwhelming majority approved it and returned the greatest democratic majorities in both the House of Representatives and Senate ever given in the State, thereby putting the stamp of their approval and endorsement upon the administration and its program.

The Democratic Party now, as heretofore, favors the policy of reasonable and just freight rates, not only by the removal of discriminatory rates upon interstate shipments to and from points within our State, but also by the removal of discriminatory and unjust intra-State freight rates, which prevent the free and unrestricted interchange of traffic between the various sections of our State. We pledge the people of the State the fullest measure of support of each and every available agency of the State government, in prosecuting before the proper tribunals, all necessary proceedings haveing for their purpose the removal of any and all discriminations which prevent our people from enjoying both interstate and intra-state rates on a parity with rates in other states.

We heartily endorse the action of the Democratic Party at the last session of the General Assembly in providing for the Ship and Water Transportation Commission to study and report upon the question of the establishment of public terminals and water transportation as a means of providing just and equitable freight rates as well as more efficient and expeditious service.

We recommend that the report of the commission when filed be carefully considered, and that the next session of the General Assembly take such action thereon as may be deemed for the best interests of the State.

Realizing that agriculture is at the bottom and base of all true prosperity and that the State of North Carolina is peculiarly interested, we pledge every endeavor to care for and promote this great interest and to upbuild the rural sections of the State in every manner possible. Realizing the paramount importance of encouraging the State's agricultural interests in every practicable way; and realizing further that reasonable production credits are a vital factor in the development of our rural life, we approve the basic soundness of the principles as set forth in the credit union law and pledge our support toward the educational work necessary for the effective carrying out of this law.

Just laws faithfully observed and impartially administered are the basis for true peace and prosperity. No unjust law should be passed and such laws as are enacted should be enforced, and we pledge the people to an enforcement of the laws of the State. We rejoice that both labor and capital are voluntarily coming into the State, making investments and seeking homes, and that for the most part the relationship between them in North Carolina has been harmonious. Just laws have been passed for the protection of both and the maintenance of harmonious relations between them, and we pledge the people not only that we will not pass any unjust and harsh laws, but that we will enact into legislation proper laws designed to promote harmony, peace and justice between them and the prosperity of both, so that not only the citizen interested in capital but the citizen who labors, and his family, will likewise have protection and an opportunity to educate his children and be surrounded by those influences which ought to exist in a Christian State and contribute to good citizenship and the accumulation of property.

Believing that the citizen is the State's most important asset, the Democratic Party of Norh Carolina endorse the work of the social welfare organizations of the State, which have as their mission the study and improvement of the social, civic, and economic conditions in North Carolina, especially the conditions that injuriously affect child life, or that tend to perpetuate preventable ignorance, disease, degeneracy or poverty among our people.

Deeply conscious of the responsibility resting with it, and maintaining an earnest determination to be true to the fundamental principles of Democracy and to the traditions of the party of the people, and its great leaders; with unrelenting ambition to better the condition of the people and realizing that in our action lies the hope of the State and of its homes we re-consecrate the Democratic Party to the service of the whole people and pledge to the intelligence, to the virtue and to the integrity of the commonwealth the best there is in us for the promotion of the agricultural, educational, industrial, moral and social life and development of this great State and its people. To the accomplishment of all these ends the party appeals to the people for their continued support and upon its labors invokes the guidance of Almighty God.

Republican State Platform—1924

(Adopted at Raleigh March 19)

We, the Republican party of North Carolina, in convention assembled reaffirm our devotion to the Constitution of the United States and to the American system of representative government, and adopt, as the basis of our appeal for the support of the people of North Carolina in the coming election, the following declaration of principles and policies:

We heartily approve of the constructive achievements of the administrations of the late lamented President Harding and his successor, President Coolidge; and we endorse the policies of the Republican administration so clearly and ably set forth in the annual address of President Coolidge to Congress on the 6th of December last.

The Republican party assumed control of the nation's affairs at a time when its foreign relations were in chaotic condition, when its institutions were attacked by the forces of unrest, when its credit had reached the lowest point within the memory of men of this generation and when the business of the country was paralyzed. In three years of Republican administration, this condition has been remedied. Prosperity has been restored. The public credit has been re-established. The public debt has been reduced three billion dollars. Public expenditures have been reduced from six billion to three billion dollars per annum. Taxation has been reduced eight hundred million dollars per annum. The nation's finances have been put on a sound basis and the budget system established. Peace has been restored with the nations of central Europe and the nation has taken the lead in bringing about the limitation of armaments and has done more for the cause of international peace than has ever before been done within the memory of mankind.

We earnestly favor a further reduction in taxes upon the general plan outlined in the report of the secretary of the treasury to Congress, and the further progressive reduction of public expenditures to the lowest figures consistent with governmental efficiency.

We favor the repeal of all war taxes except to the extent that same may be necessary to make provision for the public debt, the care of wounded or disabled soldiers and other extraordinary charges resulting from the war.

We believe that all private property and the income therefrom should bear its just share of the burden of taxation. And we are in favor of limiting the issuance of tax-exempt securities by amendment to the federal constitution.

America must be kept American. We favor a continuance of the policy of restrictive immigration.

We favor the Republican policy of a tariff for the protection of American labor and industry. The necessity of this policy is emphasized by the present economic conditions, variations in the standards of living and the differences in the cost of labor and production in America and elsewhere. We recognize that in North Carolina the great textile industry, lumber industry, peanut industry, and other basic industries of our people are dependent upon the protective policy for which the Republican party has always stood and we favor adequate protection for these and other needful industries.

We favor a progressive administration of the affairs of the State. We do not believe in extravagance nor in unnecessary burdening our people with debt, but the growing life of North Carolina demands a progressive administration of her affairs. We believe in enlarging the activities of the State to meet the expanding life of our people.

We favor the early completion of the State system of hard surfaced highways, and the extension of this system so as to serve equitably and fairly every section of the State. The Republican party has consistently favored the building of the State system of roads, and on the hustings and in the legislature has consistently supported the legislation directed to that end.

We favor a liberal policy in the matter of public education. The Republican party of North Carolina has always favored the education of the people of the State and has consistently advocated the extension and betterment of the public school system.

The Constitution of the State provides for a State system of public schools. The present system is State in administration and county in taxation. We favor a State system in taxation. There is no defensible reason why a hundred dollars worth of property in one county should pay sixty cents for public schools, while a hundred dollars worth of property in the adjoining county pays only eighteen cents. We favor equal taxation for public school purposes and equal opportunity for all children of the State.

We advocate free text-books for children in the public school and a State school-building program that will avoid extravagance through the careful supervision of all expenditures and will relieve the counties of extravagant local bond issues.

We condemn the extravagant and wasteful methods which have characterized the administration of the State's business and which have greatly increased the burdens of taxation. Not only in the ordinary transactions of the government, but also in the carrying out of the great constructive programs demanded by the people and favored by the Republican party, the Democratic party of North Carolina has been guilty of the grossest extravagance and of indefensible waste of the people's money. We demand a co-ordination and unification of the State's activities and the inauguration of a sound financial system to the end that waste and extravagance may be eliminated and the cost of government reduced.

In this connection we demand a modern accounting and auditing system for the State, in order that the taxpayer may be apprised of the condition of the State's finances without the expenditure of large sums of money for audits.

We call attention of the people of the State to the startling disclosures made in the investigation of the attempted dismemberment of the Cape Fear and Yadkin Valley railroad. After a decree of the Circuit Court of the United States forbidding the dismemberment of the line of railroad running from the seacoast to the mountains, a fraudulent sale of the road was permitted to be consummated, and the legislature of North Carolina in the session of 1899 passed a private act whereby it attempted to ratify this fraudulent sale and contrary to the decree of the court attempted to legalize this unlawful and fraudulent dismemberment of this most valuable road. With full knowledge of the facts, the Democratic State administration has quietly acquiesced for 25 years in this great wrong attempted to be perpetrated on the people of the State. We condemn without reserve this flagrant abuse of the people's confidence.

As a result of waste and extravagance, taxes in North Carolina have been raised beyond any possible requirement of a proper and economical administration of the State's affairs. We demand the reduction of taxation by the elimination of waste and extravagance. We also demand a modern and progressive system

of taxation by which the tax burden may be lightened on the home owner and the farmer. As a result of the antiquated and unjust tax system under which the State has labored, agriculture has been shouldered with an insufferable burden, and to relieve this burden should be one of the first duties of the State.

Agriculture is one of our chief industries and the basis of our economic life. We favor the reduction of taxation upon agriculture; the development and extension of land banks and other farm loan organizations to provide capital for legitimate farming enterprises at low rates; improvement of educational transportation facilities, and the organization of agricultural industry to conform with the practice of modern economic life.

We regard it as shameful that North Carolina, one of the greatest industrial States of the nation, should have done so little to better the condition of the great laboring class of our people. We favor legislation limiting hours of labor and properly safeguarding women employees and laborers engaged in exhausting and dangerous occupations. We believe in a proper child labor law adequately enforced and pledge our support to a workmen's compensation law in line with the progressive legislation of the day. We recognize the right of laboring men to organize and to bargain collectively and we are opposed to legislation which would destroy or impair this important right.

We recommend the social welfare work in North Carolina which has as its purpose strengthening the institutions of the people, improving the education, the position and self-relying capability of the citizen who most needs help and guidance.

Woman suffrage was first endorsed and has been consistently supported in North Carolina by the Republican party. We rejoice that the women of the State have been given the franchise by the federal government and regret that North Carolina did not join in extending them this right. We recognize in the women voters of the State a power for progress and an uplifting influence in our political life.

We believe in the impartial enforcement of the law by the duly constituted authorities of the State and nation. Society cannot compromise with lawlessness and does not need organizations outside of the government to enforce the law. We favor legislation prohibiting secret political societies hostile to the genius of a free people.

We favor a non-partisan judiciary and the selection of judges, recorders and justices of the peace in such manner as to remove them from the influence of politics and to secure for the State the services of the highest type of judicial officers.

We demand a fair election law. Specifically, we demand that the absentee voter law be so amended as to safeguard it against the abuses which have disgraced many counties of the State, and that a State-wide Australian ballot law be enacted so as to guarantee to the voters of the State a free and untrammeled ballot.

We believe in the essential unity of the American people in all matters affecting their national rights, duties and interests. Sectionalism is destructive of national life and its influence has been most baneful, especially in the Southland. We call upon the people of North Carolina to lay aside sectional and partisan prejudice and to join with us in an effort to give better government to our State and to solve the vital problems of the nation.

AN ACT TO AMEND THE CONSTITUTION OF NORTH CAROLINA IN REGARD TO THE TAXATION OF HOMES, HOMESTEADS, NOTES AND MORTGAGES

The General Assembly of North Carolina do enact:

Section 1. That section three of article five of the Constitution of North Carolina be and the same is hereby amended by striking out "Provided, notes, mortgages, and all other evidences of indebtedness, given in good faith for the purchase price of a home when said purchase price does not exceed three thousand dollars ($3,000), and said notes, mortgages, and other evidences of indebtedness shall be made to run for not less than five nor more than twenty years, shall be exempt from taxation of every kind: Provided, that the interest carried by such notes and mortgages shall not exceed five and one-half per cent," and inserting in lieu thereof the following:

"Provided, notes, mortgages, and all other evidences of indebtedness or any renewal thereof, given in good faith to build, repair or purchase a home, when said loan does not exceed eight thousand dollars ($8,000), and said notes and mortgages and other evidences of indebtedness, or any renewal thereof, shall be made to run for not less than one nor more than thirty-three years, shall be exempt from taxation of every kind for fifty per cent of the value of the notes and mortgages: Provided, the holder of said note or notes must reside in the county where the land lies and there list it for taxation: Provided further, that when said notes and mortgages are held and taxed in the county where the home is situated, then the owner of the home shall be exempt from taxation of every kind for fifty per cent of the value of said notes and mortgages. The word 'home' is defined to mean lands, whether consisting of a building lot or a larger tract, together with all the buildings and outbuildings which the owner in good faith intends to use as a dwelling place for himself or herself, which shall be conclusively established by the actual use and occupancy of such premises as a dwelling place of the purchaser or owner for a period of three months."

World War Veterans' Loan Act

An "Act to provide urban and rural homes for veterans who served with the military or naval forces of the United States in the recent war with Germany," was submitted to a vote of the people at the general election in November, 1924.

The purpose of the act is to provide a means by which soldiers, sailors, marines, and others may acquire urban homes or farms on favorable terms.

The following classes are exempted: Those who were dishonorably discharged from the service; those who refused on conscientious, political, or other grounds to subject themselves to discipline or to render unqualified service; those in service who did civilian work at civilian pay; or those who served time in training only.

For carrying out the provisions of the act a board is created consisting of the Secretary of State, the Commissioner of Agriculture, the Attorney-General, and the State Treasurer, and they are empowered to appoint a competent person as "Commissioner of the Veterans' Loan Fund," at an annual salary of $3,500.

A bond issue of $2,000,000 is authorized to provide funds for making loans to eligible applicants. The bonds are payable twenty years from date of issue.

Under this act no loan shall be made in excess of three thousand dollars ($3,000.00) to any one person, and only one loan shall ever be made to any one person. No loan shall exceed seventy-five per cent of the appraised value of the real property offered as security.

Applications for loans must be made before January 1, 1929. All loans shall bear six per cent, repayable in not more than forty semi-annual payments.

The vote on the World War Veterans' Loan Act was as follows:

For, 143,015; Against, 62,261.

PUBLIC EDUCATION IN THE SOUTH

By EDGAR W. KNIGHT, Professor of Education, University of North Carolina.

Catalogue Price $2.00

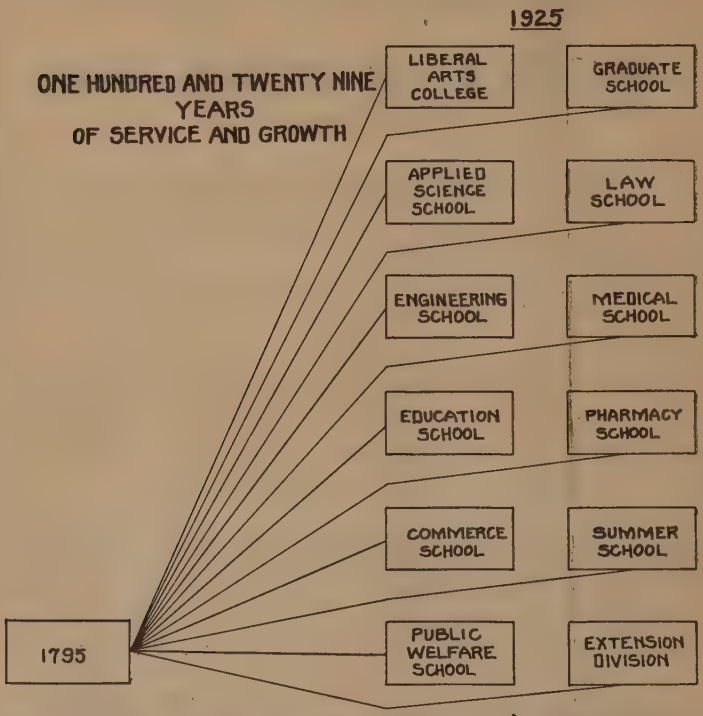
State Superintendent of Schools Brooks of North Carolina says, "Should be carefully read by thoughtful teachers and school officials." Dr. William H. THE UNIVERSITY OF NORTH CAROLINA IN 1795 AND 1925



BEGINNING IN 1795 AS A SINGLE "COLLEGE" WITH ONE COURSE OF STUDY FOR ALL, THE UNIVERSITY HAS, DURING ITS 129 YEARS OF SERVICE, DEVELOPED INTO TWELVE COLLEGES AND SCHOOLS, EACH WITH ITS OWN PURPOSE, ITS OWN COURSES OF STUDY AND TEACHING FORCE, ALL ENJOYING THE LARGER ADVANTAGES MADE POSSIBLE BY COMBINING RESOURCES TO SECURE TEACHERS OF QUALITY, SPECIAL LECTURES, FACILITIES FOR INVESTIGATION AND PUBLICATION, LIBRARY RESOURCES, CAREFULLY SUPERVISED WORK FOR STUDENT WELFARE, ETC.

THE UNIVERSITY is proud of its record of service to the State. One of the first acts of the State was to found the University and the history of one is incomplete without the other.

TODAY THE UNIVERSITY OF NORTH CAROLINA is abreast of the times; and will gladly furnish further and more specific information to those interested.

Nature Keeps a Strict Account

Every bale of Cotton, together with the seed, remove from the soil as much plant food as is contained in 850 pounds of high-grade fertilizer.

Ever since your farm was cleared, a certain amount of plant food was removed in the crops each year.

Perhaps you have always used some fertilizer, but was the kind and amount enough to make a full crop?

Maybe you put back enough Nitrogen, but not enough Phosphoric Acid and Potash.

A properly balanced fertilizer is especially important in securing the best results with Cotton under boll weevil conditions.

Every 200-lb. bag of V-C High Analysis Fertilizer used under Cotton per acre, will produce under good cultural conditions, an increase of 200 pounds Seed Cotton (70 lbs. lint and 130 lbs. seed).

Our V-C Fertilizers represent the best that the science of chemistry and agricultural practice know about the subject of plant food.

Our policy is not only to sell fertilizers that will give good results, but also through our Agricultural Service Bureau, furnish any information that will lead to its profitable use. Ask your dealer or write our
